## THE BEST TIME OF YEAR

Fall is in full swing! We have transitioned our cocktails, menus, and décor into pumpkin & apple flavors, candles, and blankets for your comfort. We love the fall because you can wear sweaters! It's just the perfect weather; it's not too hot, it's not too cold ... its right in between! We offer bonfires on the beach, so take a weekend away from your regular schedule to experience the best of Montauk – the Fall! On your way out, stop by the many options to pick apples and/or pumpkins! It's a great way to create long-lasting memories that your family will remember forever! Then – at the end of the month we are hosting a cocktail party for Halloween! We love costumes, but you don't have to wear one... just come!! The DJ is fun, the cocktails are scary, and the finger food is festive. The party is Saturday, Oct 27<sup>th</sup> 2018 from 6-9pm.

# FROM THE KITCHEN

October is an exciting month for the kitchen. We can say “goodbye” to summer vegetables until next season and welcome an abundance of variety with the fall harvest.

New York State apples will be in peak season, so expect to see a lot of these on the menu, working well with everything from fresh salads to roasted duck. Also coming into season and offered on this month’s menus will be a wide variety of squashes, brussels sprouts, mushrooms, and root vegetables including turnips, parsnips and celery root. It’s a great time of year for local cabbage, cauliflower, and broccoli as well! We will be working on adding a few more soups and heartier braises to the menu to help keep you warm when the cool fall weather finally hits.

Don’t forget to make your reservations for our last BBQ of the year happening Columbus Day weekend on October 7th or for the Halloween Cocktail Party at the end of the month.

We look forward to cooking for you !

– Chef Dave

## THE SPA

The end of the season is fast approaching! Enjoy these final days with product sales and special treatments designed to inspire you to not only look and feel good, but be WELL! Now until closing, the Spa will be offering, on a first requested basis, FACIAL INFUSIONS (there is a limited supply on this treatment). The special this Month: Infusion Collagen Lift Facial. A Facial Infusion generates a 30-day collagen production increase. It is unique because it avoids damaging the epidermis by penetrating several high-dose active ingredients into the dermis through liposomal delivery (in between the skin cells) - Very simply a peel without the damage to the skin. The 60 or 90 minute specially priced facials include an ultrasonic or microcurrent option. Before time runs out, restore your body with a therapeutic massage or revitalize your skin with a customized facial. Set aside an hour (or 90 minutes ;) for your well-being and let us treat you. **OPEN OCTOBER : Thursdays - Sunday by appointment until Columbus Day Weekend**

We look forward to treating you!
